BOOK REPAIR WORKSHOP UPDATE

The date for the book repair workshop is quickly approaching! We have had a wonderful response and are looking forward to a fun afternoon of hands-on experience with a pro. Join us October 21 from 1:00 to 4:00 in the Siskiyou Room here at SCOE. Kimberly Gilton from DEMCO will be our presenter; the \$10.00 cost of the workshop (payable to SCOE the day of the workshop) includes supplies and instruction, prizes and refreshments. Kimberly has asked that each participant bring a 1" thick book that has been WEEDED from your collection. This is important as we are basically going to destroy the book as we learn how to fix it. If you haven't already RSVP'd for this event there are only a couple of spots left, so hurry! For more information or to RSVP contact:

Anne Hinchcliff at 842-8430 or anneh@sisnet.ssku.k12.ca.us

or

Cheryl Hayden at 842-8428 or chayden@sisnet.ssku.k12.ca.us

CELL MODEL KITS NOW AVAILABLE

The IMC has new cell model kits! Each kit contains an animal cell model, a plant cell model, background information and instructions; as well as a teacher's guide with accompanying blackline masters, activity ideas and transparencies. These models are a great visual reference for students as they study standards-based curriculum on cells. Reserve a kit today!

MEDIA CENTER

We have received many requests to have more titles available in DVD format. We have been able to purchase many new titles to add to our collection and we will be highlighting different titles in our IMC Newsletters. We have also duplicated some titles in both VHS and DVD formats and you should find a notation in the summary that it is available in the other format.

If you just can't wait to see what is available, go directly to the *Instructional Media* button on our homepage. Next to *Audio Visual* you will find the *Catalog* button. You can conduct a limited search for the type of media you are looking for. No need to type in a subject. Under *Limit Search Results* and *Media Type* enter **DVD** and search. **We now have 128 titles for your use.**
